

Packaging

The ideal solution for all requirements !

FLEXIBILITY is our greatest strength - from our lightweight boards through sleeves up to the full packaging solution.

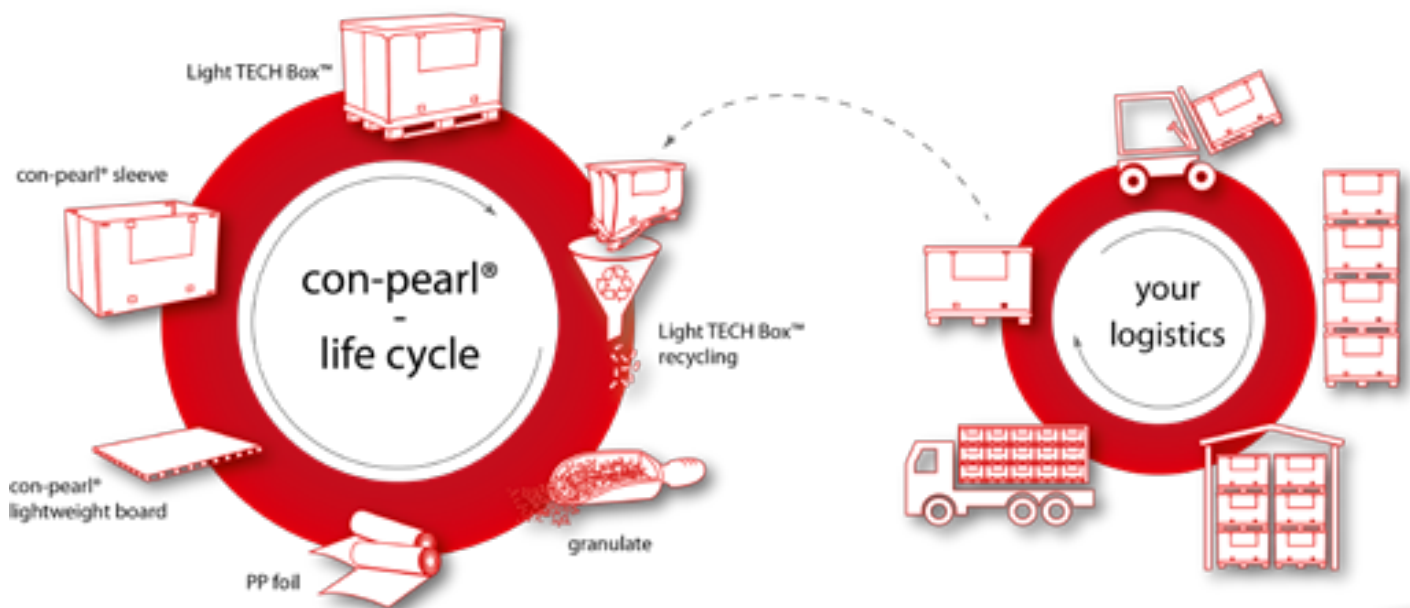

con-pearl® pallet boxes provide significant advantages in most cases over one-way packaging and multiway packaging made of steel or wood. They are flexible, long-lasting, robust and lightweight.

Our product range

**con-pearl®
lightweight boards**

**con-pearl®
sleeves**

**Packaging
Solutions**

light and strong
high loads with low weight

volume can be reduced
